Public Review Draft

INDIAN HOUSING PLAN/ANNUAL PERFORMANCE REPORT

(NAHASDA §§ 102(b)(1)(A) and 404(a)(2))

This form meets the requirements for an Indian Housing Plan (IHP) and Annual Performance Report (APR) required by the United States Department of Housing and Urban Development. In addition to these requirements, a tribe or tribally designated housing entity (TDHE) may elect to prepare a more comprehensive IHP. If a tribe or TDHE elects to prepare a more comprehensive IHP, the required elements of this IHP must still be submitted on the prescribed HUD form. The information requested does not lend itself to confidentiality.

Regulatory and statutory citations are provided throughout this form as applicable. Recipients are encouraged to review these citations when completing the IHP and APR sections of the form.

Under the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4101 et seq.), HUD will provide grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low income housing in Indian areas. Grants will be made to eligible recipients under the Indian Housing Block Grant (IHBG) program. To be eligible for the grants, recipients must submit an IHP that meets the requirements of the Act. The recipient is required to submit the IHP to HUD at least 75 days prior to the start of its 12-month program year (NAHASDA § 102(a)(1)). The APR is due no later than 90 days after the end of the recipient's program year (24 CFR § 1000.514).

The IHP and the APR (previously two separate forms) are now combined into one form. The sections pertaining to the IHP are submitted **before** the beginning of the 12-month program year, leaving the APR (shaded) sections blank. If the IHP has been updated or amended, use the most recent version when preparing the APR. After the 12-month program year, enter the results from the 12-month program year in the shaded sections of the form to complete the APR. More details on how to complete the IHP and APR sections of the form can be found in the body of this form. In addition, a separate IHP and APR report form guidance is available.

Public reporting burden for the collection of information is estimated to average 62 hours, 25 hours for the IHP and 37 hours for the APR. This includes the time for collecting, reviewing, and reporting the data. The IHP data is used to verify that planned activities are eligible, expenditures are reasonable, and recipient certifies compliance with related requirements. The APR data is used to audit the program accurately and monitor recipient progress in completing approved activities, including reported expenditures, outputs, and outcomes. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

- (3) Planned Program Benefits** *(Describe below how your planned programs and activities will address the needs of low income families identified above. Also describe how your planned programs will meet the needs for the various types of housing assistance. NAHASDA § 102(b)(2)(B):*

CIHA owns and operates 63 affordable housing units on Coquille Tribal Lands including 49 rentals, one emergency housing unit, and 13 homebuyer units. Low Rent program participants are transitioned to the Home Grant and Occupancy (HomeGO) homebuyer program as they become qualified. In addition, the Monthly Housing Assistance Program (MHAP) offers 60 tenant-based rental assistance slots to low income Native American and Alaska Native households within the Tribe's five-county service area and Coquille households nationwide.

Awareness and utilization of the Section 184 Indian Housing Loan Guarantee Program is promoted regularly at Tribal events. Application to the program is facilitated for qualified low income Coquille and other Native American and Alaska Native families within the Tribe's five-county service area, as well as access to Individual Development Accounts, homebuyer education, credit counseling, and other services.

- (4) Geographic Distribution** *(Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low income families. NAHASDA § 102(b)(2)(B)(i):*

CIHA provides IHBG-funded services within the Coquille Indian Tribe's five-county service area, which includes Coos, Curry, Douglas, Jackson, and Lane Counties. The distribution of assistance fluctuates but generally mirrors the distribution of the Tribal population within the service area. The majority of CIHA's services are concentrated on Coquille Tribal Lands in Coos County.

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3, etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2, 2.3, etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS (NAHASDA § 404(b))

Complete the shaded section of text below to describe your completed program tasks and actual results. Only report on activities completed during the 12-month program year. Financial data should be presented using the same basis of accounting as the Schedule of Expenditures of Federal Awards (SEFA) in the annual OMB Circular A-133 audit. For unit accomplishments, only count units when the unit was completed and occupied during the year. For households, only count the household if it received the assistance during the previous 12-month program year.

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

SELF-MONITORING REPORT

INTRODUCTION

An Annual Compliance Assessment of the Coquille Indian Housing Authority's (CIHA) Indian Housing Block Grant (IHBG) program was completed August 27-28, 2019 covering the program year 2019. The assessment was conducted as required by the Coquille Indian Tribe's Self-Monitoring Policy adopted by Tribal Council Resolution CY0254 and in accordance with the requirements of the implementing regulations of the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) found at 24 Code of Federal Regulations (CFR) Part 1000.502. The CIHA Board of Commissioners, Executive Director, and staff, with the assistance of Jimmy Willis (Consultant), utilized the HUD Office of Native American Programs Monitoring Plan checklists to complete the assessment.

Monitoring Committee:

- Robert More, Vice-Chairperson; Denise Hunter, Secretary/Treasurer; Don Garrett, Commissioner; Judy Rocha, Commissioner; Jeff Severson, Commissioner; Anne Cook, Executive Director; Lyman Meade, Deputy Director; Debbie Dennis, Administrative Services Coordinator; Tracey Mueller, Housing Programs Specialist; Marcy Chytka, Accounting Services Coordinator; Scott Felton, Maintenance Coordinator; Scott Platter, Maintenance Technician

Areas Reviewed:

- 1. APR and IHP; 2. Organization and Structure; 3. Environmental Review; 4. Financial and Fiscal Management; 5. Procurement and Contract Administration; 6. Labor Standards; 7. Lead-Based Paint; 8. Section 504 Accessibility; 9. Maintenance and Inspection; 10. IHBG Self-Monitoring; 11. Admissions and Occupancy; 12. Tax-Exempt Bond Compliance

The Monitoring Committee and reviewer chose to classify review results in three ways:

- 1. Recommendations - Suggested improvements to existing procedures which are not deficiencies, but which could assist management and staff in improving the performance of the organization.
2. Concerns - Deficiencies in performance but not violations of statutory or regulatory requirements. Recommendations are provided for correcting any areas of concern.
3. Findings - Clear violations of statutory or regulatory requirements. Findings require corrective action.

ASSESSMENT RESULTS

1. APR and IHP

Commissioner Judy Rocha interviewed Anne Cook, Executive Director, to review the Authority's IHP and APR compliance. Commissioner Rocha also reviewed the files and documents which addressed this area.

No recommendations, concerns, or findings were noted in this area.

2. Organization and Structure

Commissioner Judy Rocha interviewed Anne Cook, Executive Director, to review the organization and administration of the programs. Commissioner Rocha also reviewed the Authority's files and documents which addressed this area.

No concerns or findings were noted, however the following observations were made:

Recommendations

Authority's Policies Could Be Improved

The Authority's policies are re-examined each year against any new statutory and procedural requirements to ensure they are compliant with current HUD rules and regulations. In all areas addressed by this self-monitoring assessment it was noted that its policies and procedures address the Authority's obligation to comply with NAHASDA rules and regulations. However, although its existing policies and procedures comply with statutory requirements, the Authority is encouraged to update and clarify some areas of its Admissions and Occupancy policy.

Reconsider County PILOT LCA

When time allows, the Authority may wish to renew efforts to transition its current local cooperative agreement arrangements to the County.

3. Environmental Review

Commissioner Judy Rocha interviewed Anne Cook, Executive Director, regarding the Authority's environmental review compliance and examined the Authority's environmental review records. All activities were addressed as required and reviews completed prior to the expenditure of funds.

No recommendations, concerns, or findings were noted in this area.

4. Financial and Fiscal Management

Vice-Chairperson Robert More and Secretary/Treasurer Denise Hunter interviewed Marcy Chytka, Accounting Services Coordinator, to determine present procedures.

Reviewers selected random computer-generated samples, conducted tests, and reviewed documents to determine compliance with applicable standards for financial reporting, maintaining accounting records, cash management, allowable costs, insurance, internal controls, separation of duties, and tax-exempt bond compliance. The Reviewers noted that the Consultant had performed monthly readings of the financial statements and reported no adverse comments concerning their accuracy, and that the most recent annual financial audit reported no findings. No exceptions were found in the reviewers' tests of the financial management systems.

No concerns or findings were noted in this area, but the following recommendations were noted:

Recommendations

Frequency of Bank Deposits

During the first week of every month, when rents are due, the Authority may wish to prepare bank deposits more frequently.

Requirement to Calculate Program Income on the Cash Basis

The FY 2012 Self-Monitoring Report noted that HUD requires the cash basis method be used in calculating program income for 1937 Housing Act rental units. The Authority calculates its program income allocation on the accrual basis rather than the cash basis. Because of the excellent record the Authority has with collection of its tenant rents each month, the difference between these two amounts for purposes of computing program income is not material. The Accounting Services Coordinator is aware of this requirement and continues to monitor this area for significant changes. Accounting for this area will be converted to the cash basis if tenant receivable balances warrant such a change.

5. Procurement and Contract Administration

Commissioner Don Garrett interviewed Debbie Dennis, Administrative Services Coordinator, to determine present procedures. The outside auditors also review this area during their annual audit engagement. Commissioner Garrett tested all procurements over \$5,000 to determine if proper procedures were used for expenditures in excess of the Authority’s micro-purchase policy.

Tests revealed that all procurements over this threshold were properly documented and followed the solicitation method required by Authority policy in all instances. In addition, based on the Commissioner’s tests of those purchases made within the micro-purchase policy, it was evident that the Authority attempted to purchase from multiple sources to achieve competitive pricing of products. The Authority should be commended on this practice as it reflects the realization that the \$5,000 requirement is mandated, but the conscientious practice of getting the best price for the Authority’s funds is the real goal.

There were no contracts or purchases that exceeded the small purchase threshold in the period.

No recommendations, concerns, or findings were noted in this area.

6. Labor Standards and Construction Management

Commissioner Don Garrett interviewed Debbie Dennis, Administrative Services Coordinator, to determine present procedures. The Authority uses HUD-determined or Davis-Bacon wage rates as dictated by the type of work. Commissioner Garrett reviewed all certified payrolls, where required by the type of work, to substantiate that the Authority was following proper procedures and to ensure compliance with Davis-Bacon standards. No exceptions were observed.

No recommendations, concerns, or findings were noted in this area.

7. Lead-Based Paint

Commissioner Jeff Severson interviewed Tracey Mueller, Housing Programs Specialist, to determine and verify present procedures. The units of all participants in the Monthly Housing Assistance Payments (MHAP) tenant-based rental assistance program with children under the age of six in the household living in homes built before 1978 require testing for lead-based paint issues by a qualified inspector. Four units required lead-based paint testing during the period, three of which passed inspection the first time. The fourth home failed the first inspection, abatement was performed, and subsequent testing was clear of lead-based paint.

No recommendations, concerns, or findings were noted in this area.

8. Section 504 Accessibility

In prior self-monitoring engagements, it was noted that the Authority has compliance issues with respect to its conformity with Section 504 accessibility rules. A legal review revealed that in the initial construction of the reservation units in the 1990s, the Authority did not build the number of Section 504 compliant units to meet the requirements of this statute.

During the current self-monitoring review, it was determined that the Authority is in technical compliance with the rules. The Authority has three compliant units (the number required by regulation), two of which are rented and one of which is leased under a lease-purchase contract. Although the Authority is in technical compliance with 504 rules, it is the Authority's intent to continue to work toward providing additional 504 compliant rental units. In FY 2019 the Authority applied for an IHBG Competitive Grant, which if awarded will allow for rehabilitation of three existing units to Section 504 standards and construction of three new units to Section 504 standards. In the interim, in accordance with 24 CFR 8.4 (b) (1), other actions will be taken to ensure residents with needs under the Act receive specific modifications to their units as necessary.

9. Maintenance and Inspection

Commissioner Don Garrett interviewed Lyman Meade, Deputy Director.

A computer-generated random selection of files was reviewed to determine if annual inspections had been conducted on all rental and homebuyer units as required, and if annual preventive maintenance (APM) was occurring on all rental units. All units selected had been inspected at least once in the previous year and annual preventive maintenance work had been completed or scheduled. The forms used for these inspections were observed to be thorough and to provide accurate information for work orders to be issued, if needed.

Work orders were selected for review from a computer-generated sample, to determine if work requested was completed. The list of open work orders was reviewed. Minimal work orders were open at the time of the review. Maintenance staff had been focusing on exterior preventive maintenance work while weather allowed, and continued preparation for re-occupancy of vacant units.

The computerized tracking of work orders, inspections, and preventive maintenance helps to ensure that timely maintenance of units occurs to maintain the integrity of the units for years to come. The system has promoted efficient use of resources, quick responses to residents' requests for service and repairs, and overall improved maintenance of the physical units. In addition, maintenance and repairs on vehicles were part of the computerized tracking system.

No recommendations, concerns, or findings were noted in this area.

10. IHBG Self-Monitoring

Commissioner Judy Rocha interviewed Anne Cook, Executive Director, and reviewed documents related to the Authority's self-monitoring program. In the Authority's last HUD monitoring report, it was noted that the Authority's self-monitoring program was exemplary. The comprehensive approach taken by the Authority continues to address all areas of compliance mandated by HUD and as necessitated by other program activities.

No recommendations, concerns, or findings were noted in this area.

11. Admissions and Occupancy

Commissioner Jeff Severson interviewed Tracey Mueller, Housing Programs Specialist, to determine present procedures. The Authority's outside auditors examined multiple files from each category and their testing found no exceptions, therefore the Reviewer felt that additional testing could be limited in this area. Eighteen files were tested from a random computer-generated sample and found to be in compliance with no exceptions.

No concerns or findings were noted in this area.

Recommendation

Self-Monitoring Assessment Information Gathering Could be More Efficient

Information gathering for future self-monitoring assessments could be streamlined by filing all original data and verifications, including the income limits current at the time of application, in the section of the client's file with the original application.

12. Tax-Exempt Bond Compliance

Vice-Chairperson Robert More and Secretary/Treasurer Denise Hunter interviewed Marcy Chytka, Accounting Services Coordinator, and reviewed records to determine compliance with bond documents and IRS requirements.

No recommendations, concerns, or findings were noted.

CONCLUSION

The Consultant and Monitoring Committee concur that the IHBG program is well managed and substantially in compliance with the requirements of NAHASDA. One item that should be noted is the 14% Tenant Accounts Receivable (TARs) rate for the period, which is unusually high for the Authority and attributable primarily to the performance of one household. Review indicates this event to be an anomaly and largely beyond the Authority's control.

It is suggested that CIHA consider any recommended improvements provided by the Committee for possible implementation. The Consultant and Committee thank all those that participated for their cooperation and assistance in completing the annual compliance assessment.

Respectfully submitted,

Consultant Jimmy Willis and the Monitoring Committee
