Grab The Binoculars - It's Whale Watching Season

In late March, up to 20,000 migrating gray whales will start their northbound voyage back to Alaska. Peak season is March, but the whales can be seen well into the summer months up and down the Oregon coast. Don't miss the migration of these incredible, entertaining creatures!

It's estimated that 18,000-plus gray whales now live in the eastern north Pacific area. About 200 of these whales drop off the migration route and feed along the Oregon coast throughout the summer months.

Shore Acres has an 'Oregon Coast Whale Watching' brochure posted on their website along with an 'Oregon Coast Whale Watching' map. The map lists various parks along the Oregon coast: <https://shoreacres.net/>.

If you will be traveling to parks along the Oregon coast, you may want to check the individual park's current services.

Have You Registered Your Companion Animal with CIHA?

CIHA is receiving complaints regarding dogs running loose, people not picking up after their animals, and an influx of stray cats.

Animals that cannot be identified when captured may be transported to the Coos County Animal Shelter. Please register your animal with the CIHA office, so that your animal can be identified if lost.

In addition to a photo of your animal, your cat or dog must also be up-to-date on all vaccinations and be spayed or neutered. This is not optional; it is a requirement of keeping a companion animal on Tribal Lands. Proof of current vaccinations and documentation of spay or neuter must be on file with CIHA.

S/Nipped in Empire offers low cost spay and neuter services and low cost vaccinations.

Contact S/Nipped for additional information and current pricing at (541) 808-2377.

ARE YOU REGISTERED TO VOTE? Last day to register to vote or change party affiliation is Tuesday, April 26, 2022. The Oregon general election is on Tuesday, November 8, 2022.
