COMMUNITY PARTNERSHIP  
PROGRAMS

# Community Solar Is A New Type Of Clean Energy

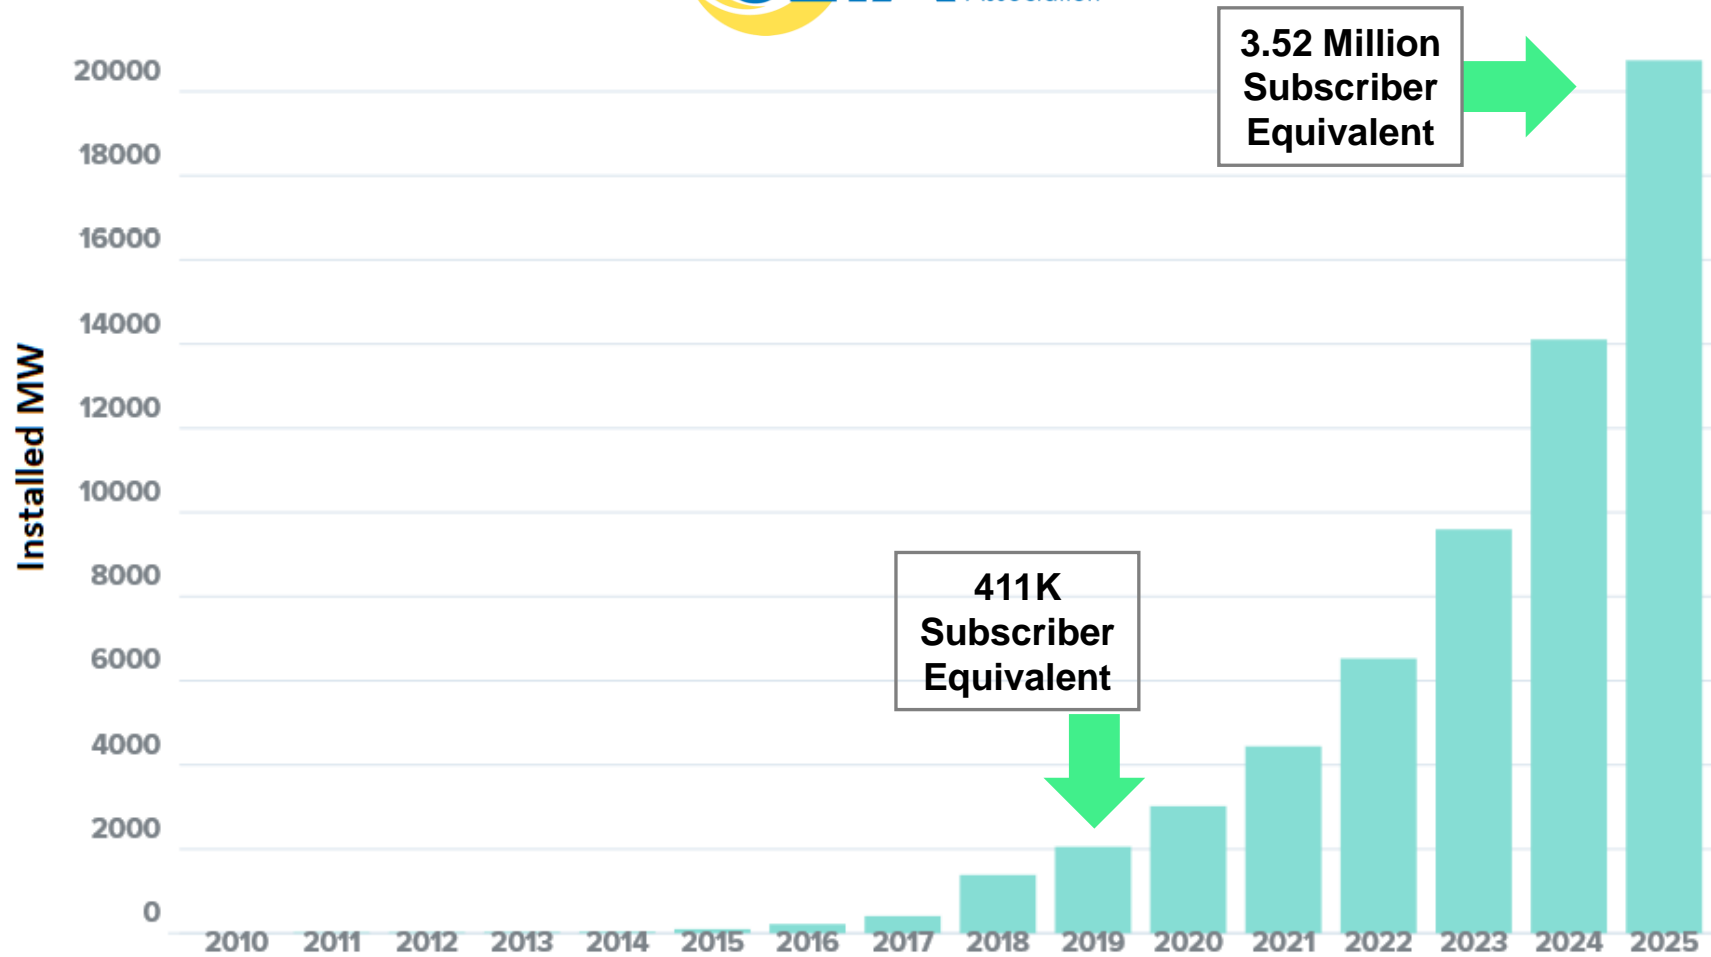

## Community Solar Farm

Typical Project Size:	5 MW
Clean Energy:	8.4 million kWh
Prevented Emissions:	4.3 million lbs of CO2

- Installed on a rooftop or in a field
- Connects directly to the electrical grid
- Clean energy from the project replaces fossil fuel generation, lowering pollution in our community
- Signup is 100% Digital – Get the benefits of solar without installing solar panels
- **Anyone with an electricity account (including renters) can sign up & save money!**

# A Skyrocketing Industry

~ Source: [www.seia.org](http://www.seia.org), 1/8/2020

# Community Solar is a New State Program, Here's How it Works

## The Basics Of **COMMUNITY SOLAR**

4) Anyone who signs up receives savings every month on their electricity bill

2) This clean electricity is connected to the grid, replacing fossil fuels

1) A community solar farm converts energy from the sun into clean electricity

3) The electricity flows as normal through the electrical grid

# Opportunities for Your Organization

## 1) **Anchor community solar projects**

- Your organization signs up to support the solar farm and receives credits each month that lower your bill

## 2) **Organizational engagement**

- Proven sustainability programs implemented with Housing Groups, Schools, Churches, Nonprofits, The United Way, Microsoft, Corning, and others!

## 3) **Engaging the broader community in sustainability**

- Common partners with your organization to reach viable community solar subscribers, pays you for customer acquisition

# Benefits For Community Members

- Free! No cost to the company or the employee
- High impact, i.e., direct, immediate CO<sub>2</sub> reduction
- Guaranteed Savings for up to 20 years
- Nothing to install on the home
- Only need from your organization is communication!

# By Signing Up With Common Energy You Will

Receive **guaranteed savings** on your electricity bill each month for up to **20 years!**

Make a **positive impact** for your **community** by lowering pollution

Support **local clean energy** and **local jobs**

Sign up is **free**, takes less than 5 minutes

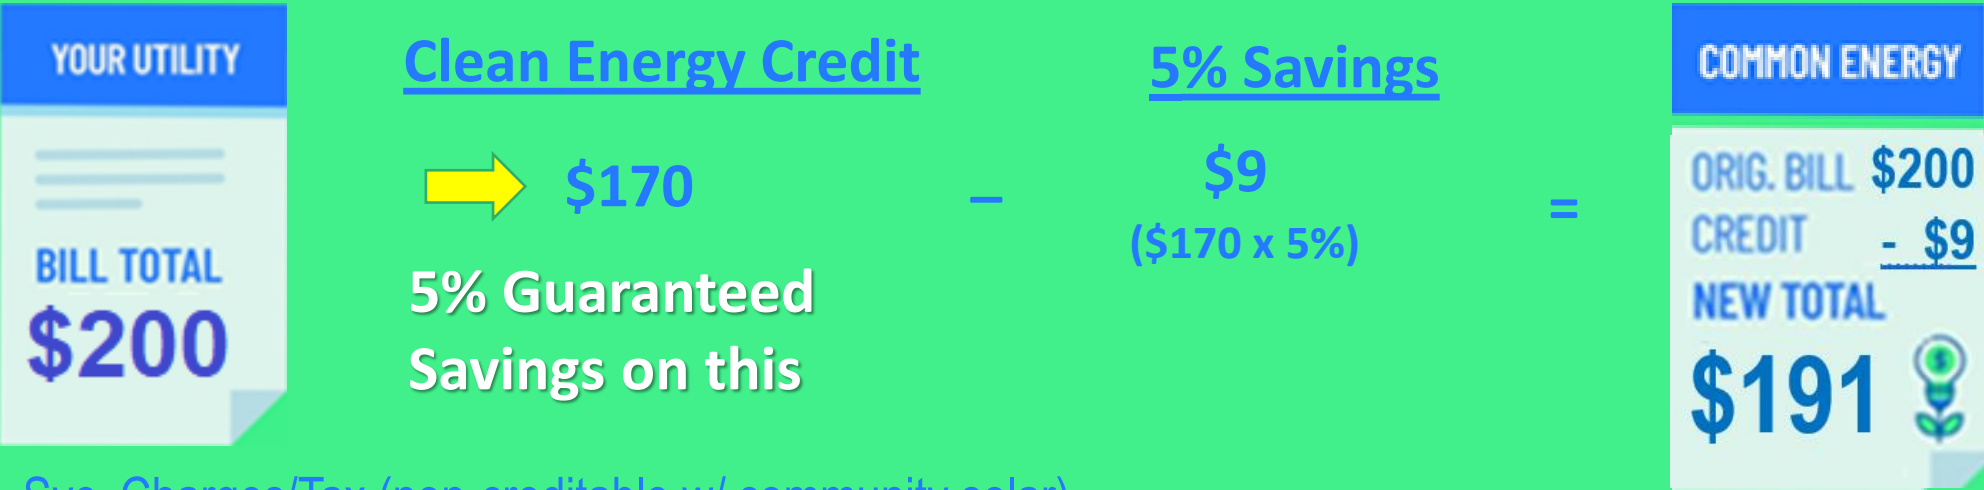

There is **no cancellation fee**

There is **no impact** on third-party energy agreements (IL Standard Svc Only)

# How It Works in Oregon

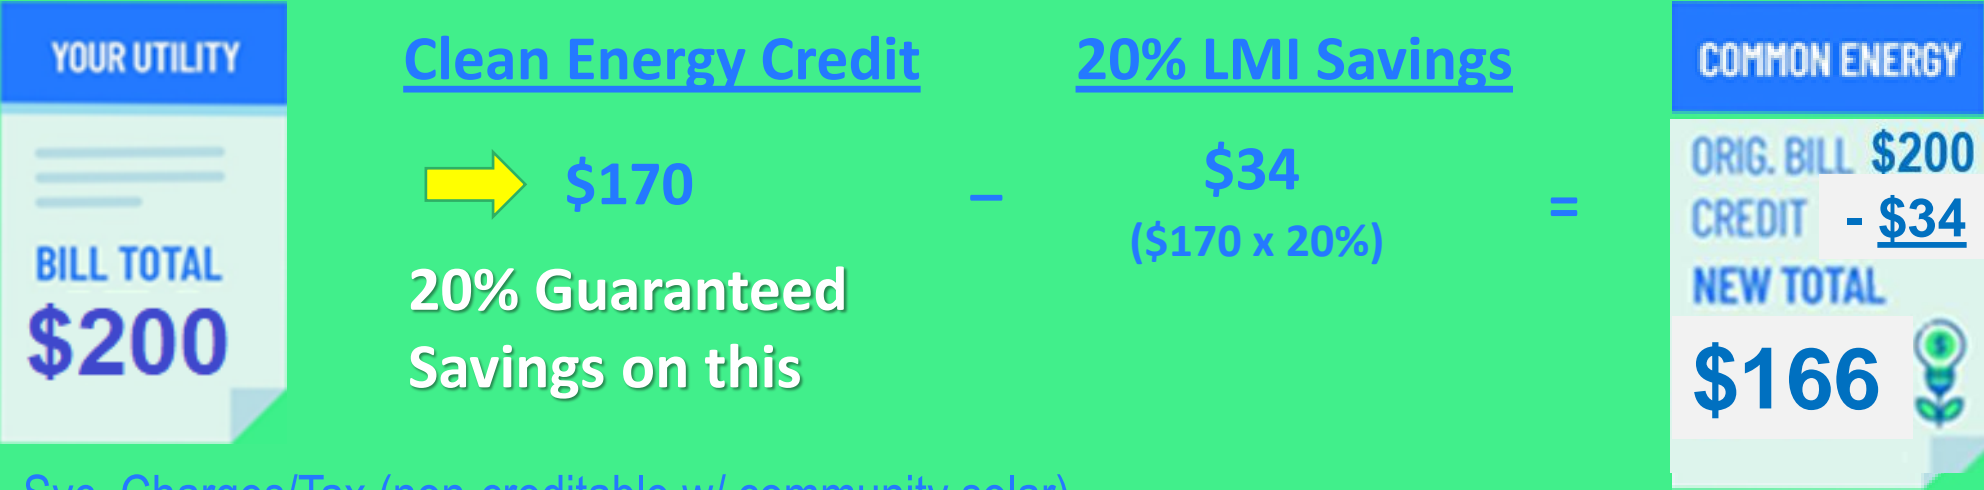

\$30 Svc. Charges/Tax (non-creditable w/ community solar)  
\$170 Creditable Portion w/ community solar

**Energy from the farm is always less than the local utility.**

**Regardless of the Clean Energy Credit Value, You Always Save!**

**5% Open Market Savings in OR**

## Common Energy and Saratoga Springs Housing Authority Partner on Clean Energy

ALBANY, N.Y., Sept. 12, 2019 (GLOBE NEWSWIRE) -- Saratoga Springs Housing Authority (SSHA) today announced it is partnering with Common Energy, a leading community solar provider, to increase use of clean energy and fund energy efficiency investments.

"Affordable clean energy and energy efficiency are important priorities in our planning and budgeting process," said SSHA Executive Director, Paul Feldman. "Common Energy presented a solution that helps us achieve our long-term goals in this regard."

**"We saw the strategic potential, and our due diligence on the approach confirmed that it would deliver benefits for the organization and our residents." ~SSHA Executive Director, Paul Feldman.**

"Common Energy is proud to work with SSHA to help lower its total energy costs and enable more clean energy to connect to the grid," said Common Energy's founder and CEO, Richard Keiser. "We are able to work with housing authorities within the parameters of federal funding and we hope to provide more housing authorities with the benefits of low-cost, community solar."

# Common Energy Featured On Web Site For Town Of Union Vale NY: unionvaleny.us

The screenshot shows the website for the Town of Union Vale. At the top, there is a navigation bar with the town's name and contact information. Below this, there are three main menu categories: "Town Hall News", "Town & Park News", and "Legal Notices". The "Town Hall News" section includes information about town hall hours and a link to 2021 property tax bill information. The "Town & Park News" section features a large infographic titled "TRANSITION TO CLEAN ENERGY AND SAVE WITH UNION VALE'S NEW COMMUNITY SOLAR PROJECT!". The infographic details the project's goals, how it works, and the benefits for residents. The "Legal Notices" section includes information about upcoming town board meetings and work sessions. A blue arrow points from the infographic to a callout box on the right side of the page.

## Clean Energy

### Employee Benefit Program

Common Energy

*Common Energy is bringing a key piece to the table by enabling employees to live out their commitments to reduce their carbon footprint.*

Adam Heckman, Director, MICROSOFT PHILANTHROPIES

With Common Energy, your employees will support new clean energy projects, prevent millions of pounds of carbon emissions and save on their electricity every month.

#### Here's How it Works

- 1 You partner with Common Energy to support one or more new, local clean energy projects.
- 2 Clean energy from the project flows to the electrical grid, replacing fossil fuels and lowering emissions in the community.
- 3 Each employee who enrolls receives clean energy credits from the project, saving them money each month!

**REAL IMPACT**  
Enable new clean energy projects that lower emissions.

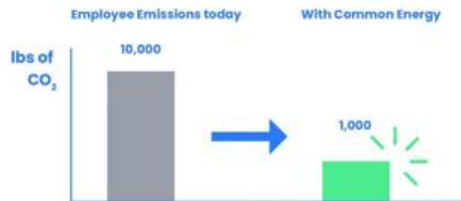

**FREE TO IMPLEMENT**  
No cost to the employer or to your employees.

**SOCIAL GOOD**  
For each person who enrolls, Common Energy donates to a local non-profit.

#### Real Employee Impact

# Nonprofit - Organization - Foundation Fundraising Programs

## Customized Fundraising Programs For:

- Organizations
- Nonprofits
- Foundations
- Churches
- Charities
- Teams
- Schools

### Fundraising Program

**Save money, support a worthy cause and reduce your carbon footprint.**

### Our Organization

is holding a fundraiser, but we're not asking for money and we're not selling anything. Instead, we're raising funds by putting money back into your pocket! Here's how it works:

Our partner guarantees monthly clean energy credits on your local utility's electricity bill by remotely connecting your home and/or business to a community solar farm in your area. You get the benefits of having solar without having to install solar panels!

Since this is a state-sponsored program, 10% savings via renewable clean energy credits will arrive monthly on your local utility's electricity bill, lowering your total cost...GUARANTEED!

Plus, you'll reduce CO2 emissions from your home and/or business by 90%!

- Takes 2-3 minutes to enroll
- ZERO cost!
- NO cancellation fees!
- NO change to your Utility Co. or Supplier!  
(In IL, basic service customers only)

Do yourself, us, and the planet a favor.

Save yourself some cash, help our cause in the process, and join the Clean Energy Revolution!

Our organization gets a donation for every customer signing up through our link.
