

COQUILLE INDIAN TRIBE

KILKICH TRANSPORTATION SAFETY PROJECT Weekly Update • September 1, 2023

CONSTRUCTION ACTIVITIES

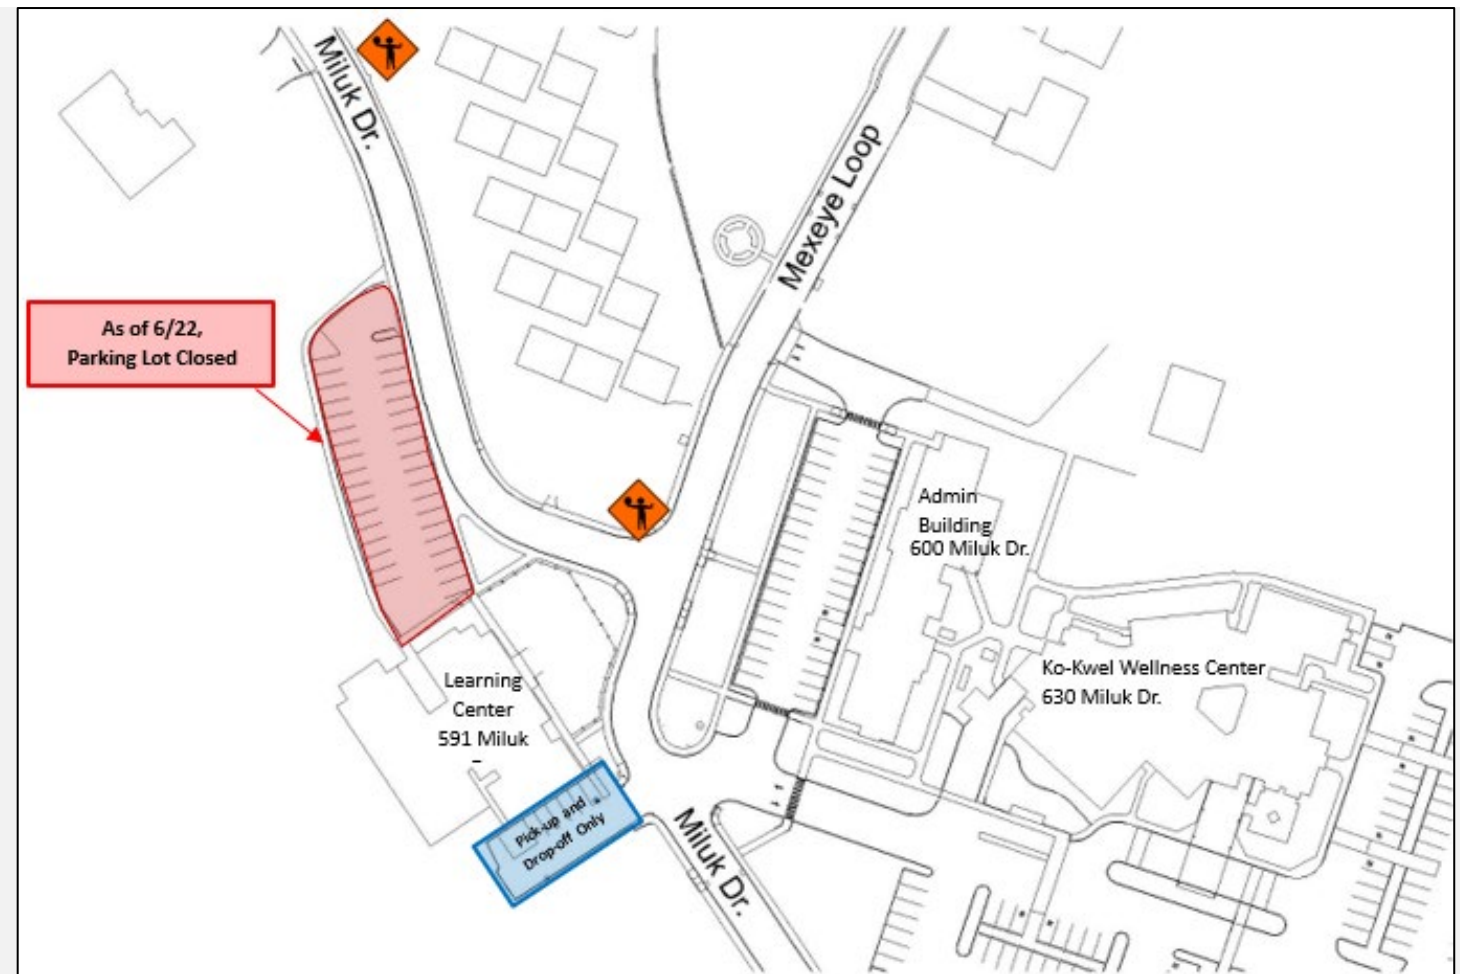

We have roads! The asphalt was placed through the area of Miluk Drive going towards The Wellness Center. Sidewalks, curbs, and gutters were formed and poured all over the project. Work on the new fence footing and courtyard layout continued. Rock was placed in The Learning Center parking lot in preparation for paving. Work is continuing west down the road to add new sidewalks towards the CELS building and extending the existing sidewalk down to the highway.

WHAT TO EXPECT NEXT WEEK

Brock Construction will continue work on the new curbs, gutters, sidewalks, and ADA ramps around the roadway and in the parking lot. Topsoil will be added to The Learning Center courtyard.

ENVIRONMENTAL PROTECTION EFFORTS

The environmental controls are being monitored throughout each day by the contractor, PMO and NRO staff. The roadways are swept and cleaned each Friday before the weekend.

ROAD CLOSURES & DETOURS

We are edging out of the Phase 2 detour. With the new asphalt base lift on Miluk Drive, the roads will be open whenever possible. There will be intermittent closures whenever work needs to be done in the new Miluk Drive area.

We will see flaggers continuously through the next few weeks to keep workers safe, as new sidewalk, curbs, and gutter work continues down Miluk Drive.

The parking lot to the west of the Learning Center (in red) will remain closed for a couple more weeks. The parking lot to the east of the Learning Center (in blue) will be for student pick-up and drop-off only.

All staff and visitors that need to park longer than 15 minutes, please utilize parking across the street in the KWC parking lot.

SIGN UP FOR UPDATES

We strongly encourage you to sign up for Construction Updates through [Nixle!](#)

TEXT keyword "BUILD" to 888777.

Updates will be provided weekly throughout the project.
