## KILKICH TRANSPORTATION SAFETY PROJECT

**ALERT 10.25.23 – Hydroseeding**

### HYDROSEEDING WORK NEAR PARKING

Clean Rivers will be hydroseeding at Kilkich Thursday and Friday, October 26<sup>th</sup> and 27<sup>th</sup>. The areas near the parking areas highlighted in yellow above will receive seed on Friday the 27<sup>th</sup>. As parking is limited, we have requested not to close the parking areas off during this time. This notice is to inform about the possible risk of seed mixture getting on vehicles parked immediately adjacent to areas being seeded. The seed mixture will not damage your vehicle if this does occur. The contractor has reiterated that they will be as cautious as they can during application to hopefully eliminate any issues.
