INDIAN HOUSING PLAN/ANNUAL PERFORMANCE REPORT

(NAHASDA §§ 102(b)(1)(A) and 404(a)(2))

This form meets the requirements for an Indian Housing Plan (IHP) and Annual Performance Report (APR) required by the United States Department of Housing and Urban Development. In addition to these requirements, a tribe or tribally designated housing entity (TDHE) may elect to prepare a more comprehensive IHP. If a tribe or TDHE elects to prepare a more comprehensive IHP, the required elements of this IHP must still be submitted on the prescribed HUD form. The information requested does not lend itself to confidentiality.

Regulatory and statutory citations are provided throughout this form as applicable. Recipients are encouraged to review these citations when completing the IHP and APR sections of the form.

Under the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4101 et seq.), HUD will provide grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low-income housing in Indian areas. Grants will be made to eligible recipients under the Indian Housing Block Grant (IHBG) program. To be eligible for the grants, recipients must submit an IHP that meets the requirements of the Act. The recipient is required to submit the IHP to HUD at least 75 days prior to the start of its 12-month program year (NAHASDA § 102(a)(1)). The APR is due no later than 90 days after the end of the recipient's program year (24 CFR § 1000.514).

The IHP and the APR (previously two separate forms) are now combined into one form. The sections pertaining to the IHP are submitted **before** the beginning of the 12-month program year, leaving the APR (shaded) sections blank. If the IHP has been updated or amended, use the most recent version when preparing the APR. After the 12-month program year, enter the results from the 12-month program year in the shaded sections of the form to complete the APR. More details on how to complete the IHP and APR sections of the form can be found in the body of this form. In addition, a separate IHP and APR report form guidance is available.

Public reporting burden for the collection of information is estimated to average 62 hours, 25 hours for the IHP and 37 hours for the APR. This includes the time for collecting, reviewing, and reporting the data. The IHP data is used to verify that planned activities are eligible, expenditures are reasonable, and recipient certifies compliance with related requirements. The APR data is used to audit the program accurately and monitor recipient progress in completing approved activities, including reported expenditures, outputs, and outcomes. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

(3) Planned Program Benefits *(Describe below how your planned programs and activities will address the needs of low-income families identified above. Also describe how your planned programs will meet the needs for the various types of housing assistance. NAHASDA § 102(b)(2)(B):*

CIHA owns and operates 62 affordable housing units on Coquille Tribal Lands including 48 rentals and 14 homebuyer units. Low Rent program participants are transitioned to the Home Grant and Occupancy (HomeGO) homebuyer program as they become qualified. In addition, the Monthly Housing Assistance Program (MHAP) offers 64 tenant-based rental assistance slots to low-income Native American and Alaska Native households within the Tribe's five-county service area and Coquille households nationwide. The Emergency Rental Assistance Program (ERAP) helps 4 or more families per year who are experiencing housing instability or homelessness.

Work to construct an accessible single-family home and duplex continues and will provide 3 new NAHASDA low-income rentals.

Awareness and utilization of the Section 184 Indian Housing Loan Guarantee Program is promoted regularly at Tribal events. Application to the program is facilitated for qualified low-income Coquille and other Native American and Alaska Native families within the Tribe's five-county service area, as well as access to Individual Development Accounts, homebuyer education, credit counseling, and other services.

(4) Geographic Distribution *(Describe below how the assistance will be distributed throughout the geographic area and how this geographic distribution is consistent with the needs of low-income families. NAHASDA § 102(b)(2)(B)(i):*

CIHA provides IHBG-funded services within the Coquille Indian Tribe's five-county service area, which includes Coos, Curry, Douglas, Jackson, and Lane Counties. The distribution of assistance fluctuates but generally mirrors the distribution of the Tribal population within the service area. The majority of CIHA's services are concentrated on Coquille Tribal Lands in Coos County.

A limited number of Tribally funded tenant-based rental assistance slots are available to low-income Tribal families nationwide.

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3, etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2, 2.3, etc.

APR: REPORTING ON PROGRAM YEAR PROGRESS (NAHASDA § 404(b))

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3, etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2, 2.3, etc.

SELF-MONITORING REPORT

INTRODUCTION

An Annual Compliance Assessment of the Coquille Indian Housing Authority's (CIHA) Indian Housing Block Grant (IHBG) program was conducted November 4-13, 2025, covering the program year 2025. The assessment was conducted as required by the Coquille Indian Tribe's Self-Monitoring Policy adopted by Tribal Council Resolution CY0254 and in accordance with the requirements of the implementing regulations of the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) found at 24 CFR 1000.502. The CIHA Board of Commissioners, Executive Director, and staff utilized the HUD Office of Native American Programs Monitoring Plan checklists to complete the assessment.

Monitoring Committee:

- Paul Doyle, Chairperson; Denise Hunter, Vice Chairperson; Jackie Chambers, Commissioner; Don Garrett, Commissioner; Judy Rocha, Commissioner; Anne Cook, Executive Director; Marcy Chytka, Accounting Manager; Debbie Dennis, Operations Manager; Tracey Mueller, Housing Programs Manager; Scott Platter, Projects Supervisor

Areas Reviewed:

- 1. APR and IHP; 2. Organization and Structure; 3. Environmental Review; 4. Financial and Fiscal Management; 5. Procurement and Contract Administration; 6. Labor Standards; 7. Lead-Based Paint; 8. Section 504 Accessibility; 9. Maintenance and Inspection; 10. IHBG Self-Monitoring; 11. Admissions and Occupancy; 12. BIA ARP HIP Homeowner Assistance Repair Program (HARP); 13. Oregon Department of Energy Community Heat Pump Deployment Program (CHPDP)

The Monitoring Committee and reviewer chose to classify review results in three ways:

- 1. Recommendations - Suggested improvements to existing procedures which are not deficiencies, but which could assist management and staff in improving the performance of the organization.
2. Concerns - Deficiencies in performance but not violations of statutory or regulatory requirements. Recommendations are provided for correcting any areas of concern.
3. Findings - Clear violations of statutory or regulatory requirements. Findings require corrective action.

ASSESSMENT RESULTS

1. APR and IHP

Chairperson Paul Doyle interviewed Executive Director Anne Cook to assess the Authority's IHP and APR compliance. Chairperson Doyle reviewed files and documents pertaining to this area and found all documentation to be organized and complete.

No recommendations, concerns, or findings were noted.

2. Organization and Structure

Chairperson Paul Doyle interviewed Executive Director Anne Cook to review the organization and administration of the programs. Chairperson Doyle also reviewed the Authority's files and documents which addressed this area.

No concerns or findings were noted.

Recommendations

Policy Review

The Authority's policies are re-examined each year against any new statutory and procedural requirements to ensure they are compliant with current HUD rules and regulations. In all areas addressed by this self-monitoring assessment it was noted that its policies and procedures address the Authority's obligation to comply with NAHASDA rules and regulations. Although its existing policies and procedures comply with statutory requirements, the Authority is encouraged to continue its efforts to review and streamline its policies to improve consistency across programs and ensure that its programs are aligned with strategic priorities and best practices.

Organizational Chart

The Authority's Organizational Chart should be updated to reflect job title and staffing changes that occurred during the program year.

PILOT LCA

The Authority may wish to renew efforts to transition its current local cooperative agreement arrangements to the County.

3. Environmental Review

Chairperson Paul Doyle interviewed Executive Director Anne Cook regarding the Authority's environmental review compliance and examined the Authority's environmental review records. All activities were addressed as required and reviews completed prior to the expenditure of funds.

No recommendations, concerns, or findings were noted.

4. Financial and Fiscal Management

Vice Chair Denise Hunter, Commissioner Don Garrett, and Commissioner Judy Rocha interviewed Accounting Manager Marcy Chytka to determine present procedures.

Reviewers selected random computer-generated samples, conducted tests, and reviewed documents to determine compliance with applicable standards for financial reporting, maintaining accounting records, cash management, allowable costs, insurance, internal controls, and separation of duties. The Reviewers noted that the most recent annual financial audit reported no findings. No exceptions were found in the Reviewers' tests of the financial management systems.

No concerns or findings were noted.

Recommendations

Consider Revising Customer Billing Statements to Improve Clarity and Readability

Accounts receivable billing statements are confusing to CIHA customers; it is recommended that the Accounting Manager revise the statements to be more easily understood.

It was noted that the Authority will begin transitioning to electronic customer statements in FY 2026.

Requirement to Calculate Program Income on the Cash Basis

The FY 2012 Self-Monitoring Report noted that HUD requires the cash basis method be used in calculating program income for 1937 Housing Act rental units. The Authority calculates its program income allocation on an accrual basis rather than the cash basis. Because of the excellent record the Authority has with collection of its tenant rents each month, the difference between these two amounts for purposes of computing program income is not material. The Accounting Manager is aware of this requirement and continues to monitor this area for significant changes. Accounting for this area will be converted to the cash basis if tenant receivable balances warrant such a change.

5. Procurement and Contract Administration

Commissioner Judy Rocha and Commissioner Don Garrett interviewed Operations Manager Debbie Dennis and Projects Supervisor Scott Platter to determine present procedures. A random sampling of ten records for purchases over \$10,000 were tested to determine if proper procedures were used for expenditures in excess of the Authority's micro-purchase policy.

Tests revealed that all procurements over this threshold were properly documented and followed the solicitation method required by the Authority policy in all instances. In addition, based on the Reviewers' tests of those purchases made within the micro-purchase policy, it was evident that the Authority attempted to purchase from multiple sources to achieve competitive pricing of products. The Authority should be commended on this practice as it reflects the realization that the \$10,000 requirement is mandated, but the conscientious practice of getting the best price for the Authority's funds is the real goal.

No recommendations, concerns or findings were noted.

6. Labor Standards and Construction Management

Commissioner Judy Rocha and Commissioner Don Garrett interviewed Operations Manager Debbie Dennis and Projects Supervisor Scott Platter and reviewed documents to determine the Authority's compliance with Federal Labor Standards. The Authority uses HUD-determined or Davis-Bacon wage rates as dictated by the type of work. All certified payrolls were reviewed, where required by

the type of work, to verify that the Authority was following proper procedures and to ensure compliance with Davis-Bacon standards. It was noted that the files are well organized and up to date. No exceptions were observed.

No concerns or findings were noted.

Recommendations

Tribally Determined Wage Rates

The Authority could consider collaboration with the Tribe to establish Tribally Determined Wage Rates to replace the current HUD-determined and Davis-Bacon wage rates as permitted by existing regulations. The change might simplify procedures for staff and contractors involved in CIHA projects where these labor standards are applicable.

7. Lead-Based Paint

Chairperson Paul Doyle interviewed Housing Programs Manager Tracey Mueller to determine and verify present procedures. When a Monthly Housing Assistance Program (MHAP) tenant-based rental assistance applicant has children under the age of six in the household and wishes to reside in a home built before 1978, the home must be tested for lead-based paint by a qualified inspector. During the period, two units required testing. Both units failed initial inspection and required remediation. One unit passed on reinspection. One landlord declined to perform the necessary remediation. The applicant chose not to participate in the MHAP program.

No recommendations, concerns, or findings were noted.

8. Section 504 Accessibility

Commissioner Judy Rocha and Commissioner Don Garrett interviewed Operations Manager Debbie Dennis and Projects Supervisor Scott Platter.

The IHBG Competitive Grant for the purpose of rehabilitating three existing rental units to Section 504 standards and constructing three new rental units to Section 504 standards is allowing CIHA to increase the number of Section 504 compliant units on Tribal lands. The rehabilitation portion of the project began in FY 2023 and was completed in FY 2024, bringing CIHA into full compliance with a total of six units that meet Section 504 accessibility standards. Construction of the three new Section 504 compliant rental units is scheduled to begin in FY 2026, which would bring the total number of Section 504 compliant units to nine.

Additionally, the Authority continues to make modifications to its other rental units upon request to accommodate specific needs.

No recommendations, concerns, or findings were noted.

9. Maintenance and Inspection

Commissioner Judy Rocha and Commissioner Don Garrett interviewed Operations Manager Debbie Dennis and Projects Supervisor Scott Platter.

Interior inspections, maintenance, repairs, appliance replacements, exterior preventive maintenance, and preparation for re-occupancy were performed by staff and contractors during FY 2025.

The computerized tracking of work orders, inspections, and preventive maintenance continues to help ensure timely monitoring and performance of maintenance tasks. The system has promoted efficient use of resources, quick response to requests for service and repairs, and overall improved maintenance of the Authority's properties.

No recommendations, concerns, or findings were noted.

10. IHBG Self-Monitoring

Chairperson Paul Doyle interviewed Executive Director Anne Cook and reviewed documents related to the Authority's self-monitoring program. In the last HUD monitoring report, it was noted that the Authority's self-monitoring program was exemplary. The comprehensive approach taken by the Authority continues to address all areas of compliance mandated by HUD and as necessitated by other program activities.

No recommendations, concerns, or findings were noted.

11. Admissions and Occupancy

Chairperson Paul Doyle interviewed Housing Programs Manager Tracey Mueller to determine present procedures. Ten participant files each from the Low Rent Program, HomeGO Program, and MHAP Programs were evaluated from random computer-generated samples and found in compliance in all areas with no exceptions.

No recommendations, concerns, or findings were noted.

12. BIA ARP HIP Homeowner Assistance Repair Program (HARP)

Commissioner Jackie Chambers interviewed Operations Manager Debbie Dennis to determine present procedures and compliance with the Homeowner Assistance Repair Program (HARP) BIA ARP HIP Subrecipient Agreement, CIHA policy, and other applicable requirements. A random sampling of ten HARP program participant files were reviewed and found to be in compliance with all aspects of the program. Checklists were utilized to monitor eligibility, use and management of funds, administrative costs, and reporting requirements. No exceptions were found.

No recommendations, concerns or findings were noted.

13. Oregon Department of Energy Community Heat Pump Deployment Program (CHPDP)

Commissioner Jackie Chambers interviewed Operations Manager Debbie Dennis to determine present procedures and compliance with the Oregon Department of Energy Community Heat Pump Deployment Program (CHPDP) agreement, CIHA policy, and other applicable requirements. A random sampling of ten CHPDP program participant files were reviewed and were found to be in compliance with all aspects of the program and grant agreement. Checklists were utilized to monitor eligibility, use and management of funds, administrative costs, and reporting requirements. No exceptions were found.

No recommendations, concerns or findings were noted.

CONCLUSION

The Monitoring Committee concurs that the IHBG program is well managed and substantially in compliance with the requirements of NAHASDA. The Authority is commended for its outstanding TARs rate, which was 0.0% for the FY 2025 period.

It is suggested that CIHA consider any recommended improvements provided by the Committee for possible implementation. The Committee thanks all who participated for their cooperation and assistance in completing the annual compliance assessment.

Respectfully submitted,

Monitoring Committee

Under the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA) (25 U.S.C. 4101 et seq.), HUD will provide grants, loan guarantees, and technical assistance to Indian tribes and Alaska Native villages for the development and operation of low income housing in Indian areas. Grants will be made to eligible recipients under the Indian Housing Block Grant (IHBG) program. To be eligible for the grants, recipients must submit an IHP that meets the requirements of the Act. The recipient is required to submit the IHP to HUD at least 75 days prior to the start of its 12-month program year (NAHASDA § 102(a)(1)). The APR is due no later than 90 days after the end of the recipient's program year (24 CFR § 1000.514).

The IHP and the APR (previously two separate forms) are now combined into one form. The sections pertaining to the IHP are submitted **before** the beginning of the 12-month program year, leaving the APR (shaded) sections blank. If the IHP has been updated or amended, use the most recent version when preparing the APR. After the 12-month program year, enter the results from the 12-month program year in the shaded sections of the form to complete the APR. More details on how to complete the IHP and APR sections of the form can be found in the body of this form. In addition, a separate IHP and APR report form guidance is available.

FORM COMPLETION OPTIONS: The IHP/APR form may be completed either in hard copy or electronically. Hard copy versions may be completed either by hand or typewriter. Alternatively, the form may be completed electronically as it is a Word document. It is recommended that the form be completed electronically because it is more efficient to complete, submit, and review the form. Furthermore, electronic versions of the form may be submitted to HUD as an email attachment. To document official signatures on the electronic version, you should sign a hard copy of the pages and either fax that signed page or email it as an attachment to your Area Office of Native American Programs. The sections of the IHP that require an official signature are Sections 1 and 8, and Sections 15 and 16, if applicable. For the APR, Section 1 requires an official signature.

Public reporting burden for the collection of information is estimated to average 62 hours, 25 hours for the IHP and 37 hours for the APR. This includes the time for collecting, reviewing, and reporting the data. The IHP data is used to verify that planned activities are eligible, expenditures are reasonable, and recipient certifies compliance with related requirements. The APR data is used to audit the program accurately and monitor recipient progress in completing approved activities, including reported expenditures, outputs, and outcomes. This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

IHP: PLANNED PROGRAM YEAR ACTIVITIES (NAHASDA § 102(b)(2)(A))

For each planned activity, complete all the non-shaded sections below. It is recommended that for each program name you assign a unique identifier to help distinguish individual programs. This unique number can be any number of your choosing, but it should be simple and clear so that you and HUD can track tasks and results under the program and collect appropriate file documentation tied to this program.

- One way to number your programs is chronologically. For example, you could number your programs 2011-1, 2011-2, 2011-3, etc.
- Or, you may wish to number the programs based on type. For example rental 1, rental 2, homebuyer 1, homebuyer 2 etc. This type of numbering system might be appropriate if you have many programs that last over several years.
- Finally, you may wish to use an outline style of numbering. For example, all programs under your first eligible activity would start with the number 1 and then be consecutively numbered as 1.1, 1.2, 1.3, etc. The programs under the second eligible activity would be numbered as 2.1, 2.2, 2.3, etc.
